

«I am my style»

Paul Klee: *Diary III*, 1898-1918

A cordial welcome to Bern!

We have the chance to celebrate **the 20 years anniversary of European Brief Therapy Association (EBTA)** at the Zentrum Paul Klee in Bern!

The solution focused approach according to Steve de Shazer and Insoo Kim Berg for therapy, coaching, pedagogy, social work and many more, in all its facets.

We are happy to invite you to a manifold program around the subject «I am my style».

• style? • my style?
• the style of the others?
• new style?

In 2005, the Zentrum Paul Klee, designed by the famous architect Renzo Piano, opened its doors for the first time for people interested in art and culture from around the world.

The city of Bern was founded in 1191, and was accepted on the UNESCO World Heritage list in 1983! You will be enchanted by the charm of Bern!

«Make hay while the sun shines...!» Or: We must celebrate when we have the opportunity to do so! On Saturday night, Sept. 28, 2013, we will surprise you with a jubilee-party on the Bernese city mountain, the Gurten, on the occasion of the 20th anniversary!

Please, reserve that date on your calendar now!

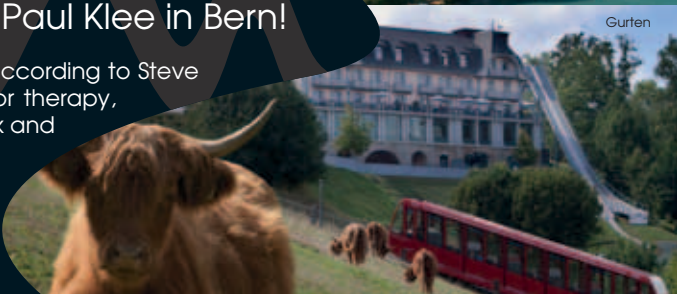

Friday – Sunday
27th – 29th September
2013

We are looking forward to seeing you then!
